MARCH
MEETING

3D Printing

Earl,

WB5UUW

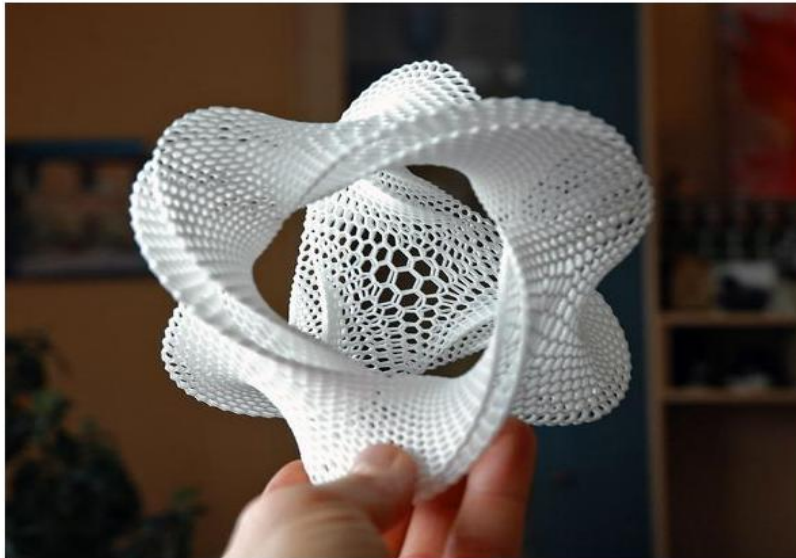

April 1st

@7:00 PM

Central Park
Community Center

1500 S. Main

Broken Arrow, OK
74014

This month's meeting is being conducted by our very own "McIver",
AKA Earl Stutzman, WB5UUW

This should be informative and entertaining!

The weather meeting conducted by **Ed Calianese** was a great event. We had 72 folks in attendance. Pretty good turn out considering it was 24F when we started! Ed really gave some valuable information and he even had the radar track of the Tornado that hit eastern Alabama, the day before. A big thanks to NSU for allowing us to hold the seminar there. It is a great venue.

the **MINUTES**

No minutes for March, due to the meeting being the weather seminar.

Congratulations!

These are the folks that went through the radio classes at the Broken Arrow Public Complex and passed their Radio test. They receive a 1 year's membership to the BAARC.

HELLO WORLD, OR HOW IS DX?

3YOI- BOUVET ISLAND, AGAIN

Well here we go again! **the number 2 most wanted** dx entity (only behind North Korea) on earth is being bitten by the DX gods once more. The second DX group was within sight of the island when a big-time storm hit them. The storm had 83Kn/h winds, until the storm took out the anemometer, one of the radars and some of the ships radio antennas. The winds hit 170km/h, which are a **Category 2 Hurricane!** **Dxpeditions are not for the faint of heart.**

Soooo, they are on their way back to South Africa to inspect the ship make repairs and try it again.

If you recall, the first group's ship lost an engine and had to return to South Africa. The first group spent in the neighborhood of **\$500,000** and never got on the island.

So, if you are an avid DX'er, and I know you all are, just wait- they are going to give it another try when everything is repaired.

GREEN COUNTRY HAMFEST~ April 12th & 13th

The club will have **3 tables**, so if you want to bring something to sell, you can put it on the club table.

The grand prize is an Elecraft K3S, if you win it, I will give you \$500 cash for it, so you won't have to haul it home!

Camp Bandage – May 18th @ Chisum Park (across the turnpike from NSU)

The club will have an operating position set up and **Ray, K5CFY** is bring the Sub Club's tower trailer, come out and use this as a mini Field Day training session.
