## C-47 Restoration

**This month's program is being conducted by David Snell, KE7EK**

**David has been involved with restoring the radios on a C-47 that flew over Normandy in 1944. This plane is going to be in the Normandy reenactment on June 6, 2019, 75 years after it flew in the invasion. This should be a great program!**

BAARC MINUTES APRIL 1, 2019

I. Call to Order Bruce, K5PX

Welcome to new Hams, visitors, Roll Call 28 in attendance.

II. There was no BAARC meeting last March, as members attended a very successful Weather Seminar in which we had 74 in attendance.

III. The treasurer's report was given by Ray, WB5JJA & approved. Bruce, K5PX discussed the website, and asked if it is rebuilt on yet.

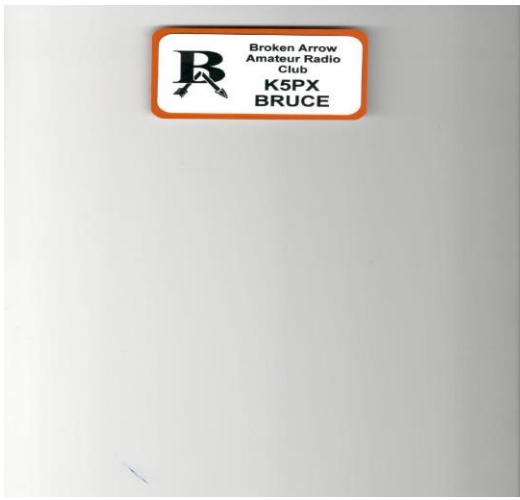

Bruce, K5PX announced that the BAARC email, [W5drz@cox.net](mailto:W5drz@cox.net) should be completed sometime this month.

Walt, N5BYS spoke of problems with repeater (that was in the Asbury Church, and Bass Pro 145.5 is not working properly. He mentioned that duplexes and repeaters conflict the repeater is the problem. Cannot key up, not good listening. We may go to UHF because of problem.

IV. New Business, Bruce, K5PX reminded members of the Green Country Ham Fest in Claremore will be April 12 and 13. There are three (3) tables for members to display their ham merchandise for sale. Dan, W5BM is heading up our participation in Camp Bandage which will be May 18 this year.

Motion was made by Skipper, NQ2J to adjourn the meeting, and Bill, KE5VKB seconded the motion. Motion carried.

After a short break, Earl, WB5UUW gave a very interesting and informative presentation of the possibility and entertaining effect of 3-D printing. The presentation was well received by the members.

## Three BIRDS Constellation CubeSats Delivered to ISS for Orbital Deployment

A Cygnus resupply mission to the International Space Station (ISS) on April 11 also delivered three CubeSats of the [BIRDS-3](#) constellation and three other CubeSats. The BIRDS-3 constellation is a project of students at the Kyushu Institute of Technology. The additional CubeSats include Swiatowid, KrakSat, and EntrySat.

All BIRDS-3 CubeSats are of the same design and have been coordinated to operate on a common downlink frequency of 435.375 MHz. Each will transmit a CW beacon and 9.6 k GMSK telemetry. The CubeSat deployer in the ISS Kibo module will deploy the BIRDS-3 CubeSats at a later date.

## Winner Winner Chicken Diner!

The BAARC had 2 big winners at the Green Country Hamfest! Wayne KW5M won a **Technician Study guide!** We are sure Wayne will take advantage of this guide to further his radio skills! His call was also called out again during the door prize give away, but alas- No Wayne. So, he won something **twice**, if he had only hung around. Better luck next time Wayne!

Tom, KM5H, was the club's big winner he stated "After hundreds of hamfests over 5 decades, I finally won something."

At Green country, I won a BridgeCom BCH-270.

2 meter and 450 Mhz talkie."

**Camp Bandage** – May 18<sup>th</sup> @ Chisum Park (across the turnpike from NSU)

The club will have an operating position set up and **Ray, K5CFY** is bring the Sub Club's tower trailer, come out and use this as a mini Field Day training session.

Booth set up is on Friday & the event starts Saturday from **10:00AM** until **2:00PM**. We hope each of you will come out and support the BAARC!
